Mr. Michael A. Clarke
Attorney at Law
231 W. Wisconsin Ave.
Milwaukee, Wisconsin

Dear Mr. Clarke:

Do you recall telling me at our first meeting that you were without experience in a case of this nature? The truth of your words has more than evidenced itself during the past several months and this is to inform you that you are no longer representing me and that as far as I am concerned you never have.

I requested you to protect my rights at every stage of proceedings and you gave me a cock-and-bull story about not wanting to antagonize the courts.

You shrugged off my pretrial motions as being too frivolous and even went so far as to discuss them with the prosecuting attorney.

Most recently you were contacted regarding Anthers admission of guilt and instead of getting right on this matter you dilly-dallied around and over a week later inform me that you have been busy but that you would get on this matter the very next day.

With friends like you I wouldn't need to many enemies!

I request you to turn over to me every piece of paper you have regarding my case as I no longer want you to (Mis-) represent me.

Thank you very much.

Charles L. Cox

U.S. Judge J.W. Reynolds
